Programming: Python

Software: VS Code, Eclipse, Microsoft Office, MATLAB

Operating Systems: Windows, macOS, Linux

Technical Concepts: Database Management, Machine Learning

Experience

ROI Solutions

Direct Marketing Analyst – Remote

Sept 2025 – Present

- **Own and manage relationships** with assigned client accounts, serving as the primary point of contact for marketing data needs.
- **Design and execute direct marketing** campaigns by preparing source code, contact history, and segmentation files for client delivery.
- **Develop and optimize SQL queries** to validate data accuracy, ensuring compliance with client specifications and campaign requirements.
- Perform advanced quality control checks on complex output files, reducing errors and turnaround time for deliverables.

Client Service Intern – Medford, MA

May 2025 – Aug 2025

- Supported the Direct Marketing Analyst team with source code and contact history uploads, ensuring data accuracy and proper formatting before import.
- Assisted with data preparation and quality-control processes for client marketing campaigns.
- Worked with Excel and SQL to support client data processing and validation.

Wentworth Institute of Technology

AI Scheduling Algorithm Developer Intern – Boston, MA

Jan 2024 – Apr 2024

- Engineered a **Python-based scheduling program** that scans for conflicts in academic timetables using **graph theory**.
- Implemented **machine learning techniques**, specifically **genetic algorithms**, to enhance efficiency.
- Designed a **user-friendly interface** for improved and seamless user experience.
- Documented **project development steps** for future scalability and maintenance.

Projects

Discounted Flight Finder

- Created a **Flight Deal Finder application** using **Python, Tequila Flight Search API, Twilio, and Sheety**.
- Developed a **backend system** that dynamically updates flight deals based on **real-time price fluctuations**.
- Automated **email notifications** alongside **SMS alerts** for enhanced user accessibility.

Creatr.page

- Built and launched a **creator-focused link-in-bio platform** with **customizable, mobile-optimized profiles** that consolidate social channels, priority links, drops, and offers.
- Implemented **tiered subscription plans, link scheduling, and click analytics** to measure creator engagement and optimize traffic.
